02 Curriculum Transformation, Phase 2/3 for Taught Postgraduate Courses

To consider the Phase 2/3 submissions for the following courses in accordance with the [Quality Assurance Code of Practice Approval of Courses under Curriculum Transformation \(CT\) during 2022/23](#)

All documents are available within the FLTQC HSS Teams space, via the relevant department Folder in the Files Tab for the [CT Phase 2 and 3 PGT for 2024/25 Implementation Channel](#).

Phase 1 documents are available for reference within the Files section of the Channel for this meeting ([Phase 1 documents](#)).

The normal expectation would be for all members to read all documents presented for consideration by the Committee. In view of the large number of documents to review each set of proposal documents have been allocated for a thorough review to a Director of Teaching from another Department so that they can act as the main reviewer at the meeting (**initials indicated in red**).

All members are invited to add comments and questions in the appropriate template document created for each degree **by 12 April** so that CT development teams will have the opportunity to read, and potentially respond (in the same document) to comments and questions before the meeting. Please remember to include your name alongside any comment you add to the document and remember to save changes to the document in Teams. The title of the documents into which to add your comments and questions is: 'COURSE NAME CT Phase 2 and 3 FLTQC checklist'.
