

### **Adding a student note to an item**

Consider adding a student note to the item to provide your students with important information, for example 'Please read Chapter 10'.

You can add a public note when adding an item to the Library List

After finding the item to add, click 'add and edit'

Select 'item actions'

Add your student note

Click save

In the instructor view, you will see an icon on the main page. Clicking on the item, will reveal the note.

You can also amend the note this way

In the student view, the note will be seen from the main page.
