

Environment, technology and regulation
CGR&IS Seminar Series 2018-19

Renée Friedman

The Economist Intelligence Unit
is giving a talk on

The growing importance of governance to investors

Renée Friedman is a Managing Editor with interest in Thought leadership programmes for the financial services sector. She has worked in economic and political risk consulting, in finance in the City of London as an economist, a Macro strategist and a bond fund manager, in the international and UK policy spheres as an Economist to the Treasury Select Committee at the House of Commons and as Senior Economist and Chief Technical Advisor for the UN Development Programme's (UNDP) Regional Bureau for Europe and the CIS, and as an academic, designing and teaching economics courses at universities across London.

Friday, 30 November 2018

12:15:-1:00pm

room: 6E2.2
