Employee Self Service (ESS)

As a member of staff you will automatically have access to iTrent for ESS. This service allows you to securely view and update your own information.

What you can see on ESS

After logging into ESS you can review:

- personal information
- sickness and leave
- payroll details
- job & HESA details
- learning and training events

These are shown in the main menu at the top of the page. Access "Quick Links" to more specific information.

Data that can be changed, amended or deleted are shown often with drop down menus.

Data that cannot be changed is greyed out, and any changes should be made by your manager or by HR.

Need help?

Please contact your HR Operations Administrator via TopDesk or phone

Keep your data up to date

Please help us all by checking your own details on each screen and keeping it up to date.

Need help?

Please contact your HR Operations Administrator via TopDesk or phone

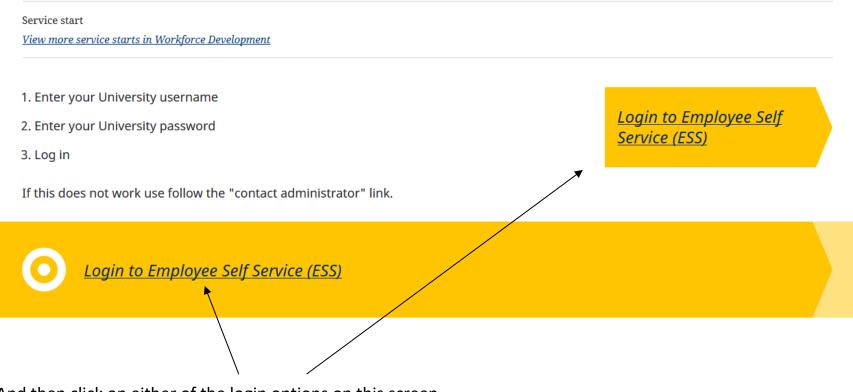

Scroll down and click on Login to Employee Self Service (ESS).

On the login screen enter your *User name* and *Password* and login.

From the home screen select *My Pay.*

This screen shows all of your payroll related documents.

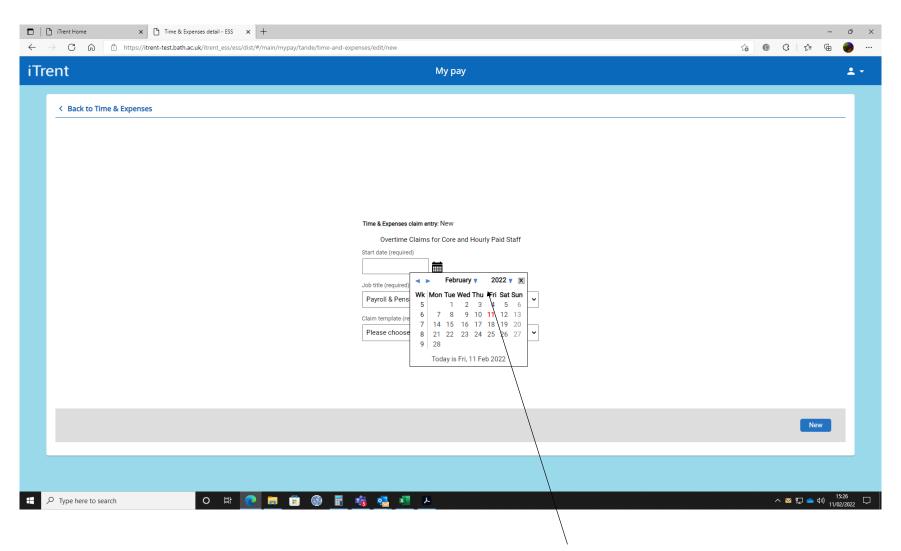

Under *Time & Expenses* your claims that are in progress are shown together with their authorisation

status. To start a new claim select Add claim.

This is the *Time and Expenses Claim* header screen:

All **<u>three</u>** fields on this screen need to be completed.

Start date - Either enter a date directly into this field or use the *calendar* button to display the pop up calendar and select a date. The start date is the first day of working for the period to be covered in this timesheet claim.

The screens are designed to allow you to enter data on a daily basis and then submit the timesheet for approval weekly. It is recommended to submit timesheets on a regular weekly basis to minimise any risk of missing the payroll deadline because it was not approved in time. Please note that each timesheet goes through two stage approval process and your Line Manager will tell you what your departmental deadlines for submitting timesheets are.

Next enter any *Comments* you may wish to add, this might be a short description of the work done to help your manager or supervisor when approving your claim.

You will normally leave the *Amended Project Code* blank, only add a code if instructed to do so by your manager or supervisor. The project code must be 10 characters long.

When you submit your claim you will be prompted to input your password before final submission. This acts as your electronic signature on your claim. Click the *Submit* button. (Do not hit Return/Enter key on your keyboard as this will not save the claim.)

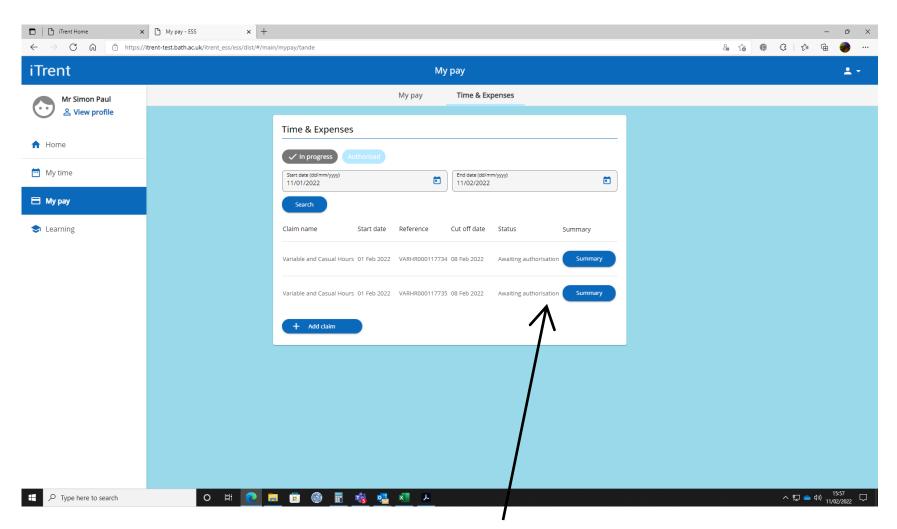

A *warning message* will appear on top of the submission screen if the new claim is **duplicating** one previously submitted. It is <u>important not to submit</u> the claim if this warning message is displayed. Click **Back to Time & Expenses**

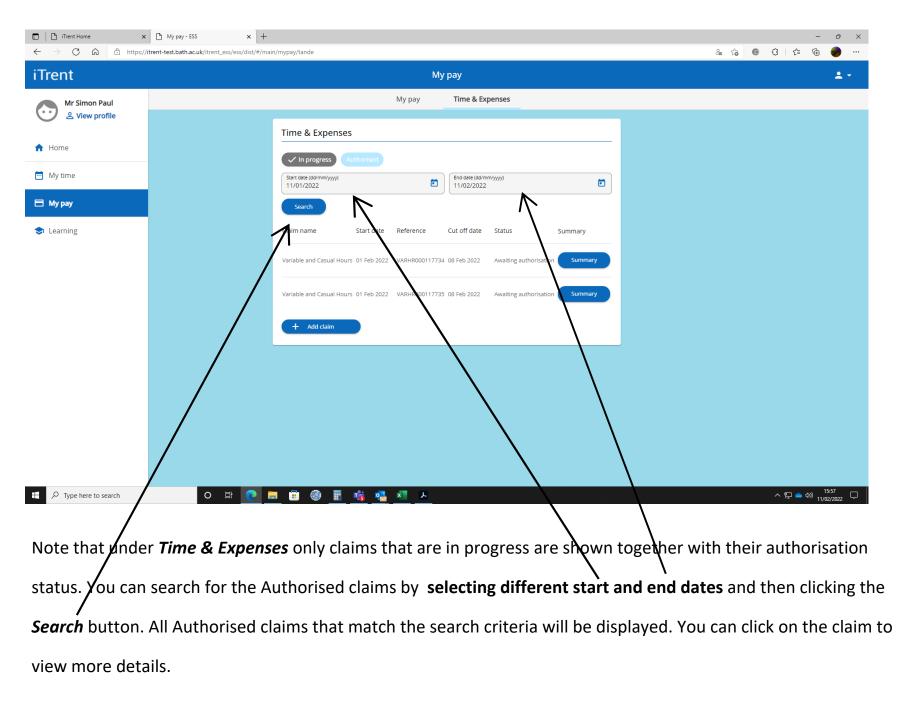

The claim will be saved with a *provisional* status and can be deleted or amended before resubmitting.

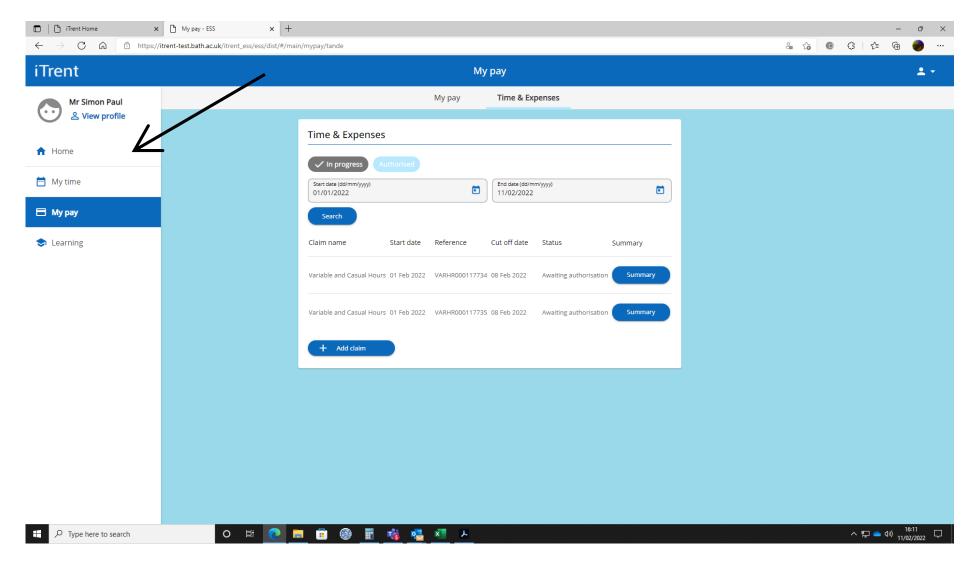

Please note that line managers and 2nd line authorisers will be also notified if a duplicated claim is submitted and they will be required to reject it.

Once the claim is submitted the status changes to *Awaiting authorisation*. You can look at the timesheet by clicking on it but there is no option to amend or delete the data now once the claim has been submitted. The claim will need to be rejected by your manager or supervisor if an error is discovered after submission.

When you have finished entering your claim you can return to the home screen by clicking on the Home button.

To logout of Employee Self Service click on the person icon in the <u>top right hand corner</u>, select the **Logout** option from the drop down list, confirm you wish to leave the page and then close your browser.
